T-OINOS MALAGOUZIA 2018

Notes:

***Grape variety**:* Malagouzia

*T**echnical information:*** Soil: Granite bedrock with sandy soil
Organically grown grapes
Malagouzia plot is situated at 400m of altitude and 11.500 vines/ha with north-east orientation.
Yield: 40hl/ha
Harvest day: 28//08/18
Alcohol: 13%

The Vintage: Smooth and dry winter with few amount of rainfall. Bud break came at the beginning of March. Sun and mild wind during flowering. Until harvest, we had hot and sunny days with low temperatures during the night. No more than 12 degrees of difference between day and night with August being the hottest month.

Winemaking: Harvest took place only very early in the morning with successive picking of the grapes of the same plot according to their maturity.
Handpicked grapes in 20 Kg cases, pressed in pneumatic press. Alcoholic fermentation in stainless steel tanks with controlled temperature.

Winetasting notes: Bright yellow color with a generous and expressive floral and lemon nose. Well balanced with crisp acidity and charming mineral finish.
